## E-Design Questionnaire

How Our E-Design Works:

We've had such amazing success working with clients all over the country using our e-design services. While it may sound difficult, it is actually quite an easy and effective way to work with us. All we need to get started is the proper information about you and your home in order to develop a custom plan for your space. Once you've filled out this questionnaire and submitted your photographs and sketches, we'll work on design boards and layouts that we'll e-mail to you for review. We'll also mail any samples needed to complete the picture. So let's get started!

Name: \_\_\_\_\_

Family Members / Pets: \_\_\_\_\_

Phone Number: \_\_\_\_\_ Email: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

How would you describe your/your family's lifestyle? (ex. casual, easygoing, hectic)

\_\_\_\_\_

\_\_\_\_\_

How often do you entertain and what is your entertaining style? (ex. casual, formal)

\_\_\_\_\_

\_\_\_\_\_

What style of interiors do you prefer? (ex. traditional, transitional, modern, eclectic)

\_\_\_\_\_

\_\_\_\_\_

What colors are you drawn to?

\_\_\_\_\_

\_\_\_\_\_

# ERIN GATES DESIGN

What colors are most represented in your wardrobe?

---

---

Do you prefer solid fabrics and textures, patterns, or a mix of both? What patterns do you like best? (ex. graphic, floral, stripe)

---

---

---

Any colors and/or patterns you're not a fan of?

---

---

---

**For each room we are designing please answer the following:**

What are the primary functions of the room and who will be using it?

---

---

---

---

What are some of the challenges you face in the room?

---

---

---

---

What is the overall style or feel you would like to achieve in the room?

---

---

---

---

# ERIN GATES DESIGN

Are there any specific furniture pieces, accessories, or colors you would like to incorporate into the design of the room?

---

---

---

What are your favorite furniture brands?

---

---

---

What is your overall budget for the room, including design fees? \_\_\_\_\_

*Please also attach any images that you are inspired by  
or provide links to an online gallery such as Pinterest or Houzz.*

## **E-Design Image Guide**

**For each room we are designing please provide the following images:**

- Overall room photograph taken from each corner of the space (4 photos total).
- Photograph of each wall face on (try to capture part of the floor, ceiling and adjacent walls if possible).
- Detail (close range) photographs of any lighting, tile, flooring, or furniture you would like to keep in the room.

## E-Design Measuring Guide

Please follow these simple steps when measuring your room(s):

### Floor Plan

- Draw the approximate shape of the room. Don't worry it doesn't need to be perfect! Please notate the estimated location of any architectural features such as windows, doors, fireplaces or bays.
- Mark each wall North, South, East and West.
- Measure the overall width and length of the room first. Then measure each wall separately making sure to include measurements for each wall area, door, window or other architectural feature.
- When measuring doors and windows please provide dimensions for the openings themselves, as well as overall measurements including any casings or decorative molding.
- If you have a fireplace please include dimensions of the floor surround.

### Wall Elevations (needed for any walls with architectural features)

- Sketch the overall shape of the wall and include the approximate location of any windows, doors, existing lighting (ex. sconces,) fireplaces, radiators, light switches or other features. Then measure the location of each item on the wall (make sure measurements are anchored to the floor and the adjacent wall).
- Measure the overall ceiling height. If you have crown or decorative molding please take a second measurement which notates the height from the floor to the bottom of the molding.
- When measuring fireplaces please include the mantle width and distance (height) between the mantle and the ceiling.
- Label each elevation North, South, East or West so that we can match them up with the floor plan.

### Existing Furniture

- Please provide dimensions (width, depth, overall height, arm height) of any furniture you would like to keep and incorporate into the design of your room.
